

Working together to create better solutions

01384 897 799 [www.bachepalletrepair.com](http://www.bachepalletrepair.com)

incorporating  **Genwork Ltd**  
PART OF THE BACHE GROUP

## The Bache Group

The Bache Group has been involved in the design, manufacture and repair of stillages primarily for the Automotive Sector for over 40 years.

Until now Pallet repair has always been a secondary business to our successful pallet manufacture but all of that is changing ... we recognise that Pallet Repair, Pallet Modification and refurbishment is a fast growing business and needs a dedicated response... Bache Pallet Repairs will be that dedicated business offering a full and complete

- **Repair facility**
- **Modification for change of product or use**
- **Full refurbishment**

To extend the life of your investment in your considerable assets of pallets and stillages for a fraction of the cost of purchasing new equipment.

## Bache Pallet Repair

Bache Pallet Repair will be a standalone business in every respect:

- **Management Structure**
- **Buildings**
- **Plant**
- **Labour**

Dedicated to delivering an exceptionally competitive package and fast turnaround.

Fully equipped and structured including design facility for change of use, Fully managed and documented processes, welding, fabrication, shot blasting, painting, finishing and final assembly. Wide variety of materials available in addition to steel and mesh including a full range of plastics, dunnage, vinyl, timber, gas struts... everything required to carry out a full range of repair and refurbishment.

All repair and refurbishment is based upon service and perhaps the most important factor being trust... we work with very high profile businesses where these things are of paramount importance and we guard jealously our reputation for a first class service, transparent systems and accountability fiercely.

Every Customer and contract is different which is why we offer a fully tailored service to suit your business.

Bache Pallet Repair the newest business to be part of the Bache Group
